2) Please provide me with a breakdown of patients, detailing a) their sex, b) their age and c) whether they died
Please provide your response in the following format:

In 2001 three children were admitted to hospital. The breakdown is as follows:

Sex Age Did they die?
Patient 1 Male 10 Yes
Patient 2 Female 14 No
Patient 3 Female 15 No

In 2011 two children were admitted to hospital. The breakdown is as follows:

Sex Age Did they die?
Patient 1 Female 12 No

Response:
The Trust is not a *treatment* centre for anorexia, so strictly the answer is zero.
Patients can be admitted with anorexia as a diagnosis (F50.0) but the Trust would stabilise them and refer them on.
