

Children's Ward Outreach Team

Children's Ward

Parent and Carer Information Leaflet

Introduction

The Children's Ward Outreach Team consists of specialist nurses who can support you and your child at home after they have been in the Children's Ward (C2) or other departments in the hospital.

What do the team do?

If a doctor decides your child is well enough to go home but will benefit from nursing support, we can help with this. We provide nursing assessment, care, advice, support and teaching to help you care for your child at home.

We provide this support either by phone or in person in your home. This allows us to help you at home where your child is more comfortable, and it minimises disruption to family life.

We care for children up to 16 years who are registered with a Dudley-based GP.

We work in partnership with the ward team, paediatric doctors and other consultants at Russells Hall Hospital. We also work closely with healthcare workers such as health visitors, dietitians and other community nursing teams. The care will be planned with you and your child according to you and your child's needs.

Please note that we cannot prescribe medicines.

Who is in the team?

The team has three members who all have many years' experience caring for sick children at home and in hospital.

When are you available to visit?

We work from 8am to 6pm, Monday to Friday and 10am to 2pm on Saturdays (when possible).

If we are visiting you, we will normally contact you by phone or speak to you on the ward, to arrange the dates and times we will be visiting. Please note, our calls may come up as an unknown number on your phone.

The team all wear ID badges when visiting your home.

An adult must be present during our visits. This is normally a parent or normal carer but can be another adult carer such as a grandparent, if we have your permission.

We do not usually mind pets but may ask you to put them in another room while we are treating your child.

How is a child referred to the Outreach Team?

Doctors or members of the nursing team on C2 (Children's Ward), Children's Outpatient Department or the Emergency Department can ask us to contact you.

How do I contact you?

We are based on the **Children's Ward on 01384 244271**. We can normally be contacted between 8am and 5pm. If we are not in the hospital, ward staff will contact us and we will ring you back as soon as possible.

You can leave **non-urgent** messages at our email address cwot.team@nhs.net but these may not be dealt with until the next working day.

What if my child's needs change?

We can help you assess your child's needs and advise you what action to take, or guide you to appropriate services.

Or

You can access the normal range of NHS services, that is: your GP, Emergency Department, Urgent Care Centre (via Emergency Department), 111 service or 999.

If you have any questions, or if there is anything you do not understand about this leaflet, please contact: Children's Ward on 01384 244271. The Outreach Team is usually available 8am to 5pm, Monday to Friday.
