

Children's emergency department (ED) murals

Design brief

Objective

We are looking to refresh areas of our children's emergency department. Our vision is to provide a friendly and stress free environment for our patients while they receive the care they need.

Target audience

Our children's ED treats an age range of 0 – 16 years old so we are looking for artwork that can engage a variety of ages.

Additional details

There are four areas of our children's ED we are looking to refresh.

ED Paediatrics – Outside main doors	
Canvas size	9 foot wide by 5.5 foot high
ED Paediatrics – Cubicles (X3)	
Canvas size	6 foot wide by 7 foot high
ED Paediatrics – Triage room	
Canvas size	8 foot wide by 7 foot high
ED Paediatrics – Main waiting area (X4 walls)	
Canvas size	11 foot wide by 6 foot high

We are asking any artists that would like to take on one of these areas to complete the form on the second page and send it, along with their design concept and/or some samples of their artwork, to dgft.communications@nhs.net

Your artwork and ideas will be reviewed by a panel and, if successful, you will be contacted by a member of our Communication Team to attend a meeting to discuss next steps.

We can't wait to see your ideas!

Which area are you interested in? (mark only one with an X)

ED Paediatrics – Outside main doors				<input type="radio"/>
Canvas size	9 foot wide by 5.5 foot high	Age group	0 - 16	
ED Paediatrics – Cubicles				<input type="radio"/>
Canvas size	6 foot wide by 7 foot high	Age group	0 - 16	
ED Paediatrics – Triage room				<input type="radio"/>
